Custom cornhole board drawing immediately following final match

Boards and Bags provided

Concessions will be available

General Rules of Gameplay

Players cannot cross the foul line (front of the board) from which you are throwing until the bag is released.

Bags cannot be thrown overhanded, they must be thrown underhanded

Do Bags Touching the Ground Count? The short answer is NO. As soon as it is determined that the bag is touching the ground it should be removed from the playing surface before anymore bags are thrown. This is what is known as a sweep.

If you are with some absolute legends and everyone is throwing so many cornholes that the bags begin to pile up underneath the hole and prevent further bags from falling through the hole, you can move the bags from underneath the board. This is called a rake.

Rounds shall be played to the predetermined number of 21 game points. The first player/team to reach (or exceed) that amount at the conclusion of an inning is the winner of that round.

The approved method of scoring for the sport of cornhole is "cancellation" scoring. In cancellation scoring, the points of one player cancel out the points of their opponent. Using this method, only one player/team can score in each inning.

Bag In-The-Count (Woody) : Any bag which comes to rest anywhere on top of the board. Each is worth one (1) point. Bag In-The-Hole (Cornhole) : Any bag which is thrown through the hole or knocked through the hole by another bag. Each is worth three (3) points. Foul Bag: Refers to any bag that has not been determined as Bag In-The-Count or Bag In-The Hole or was designated a foul bag as the result of rules violation.

Cornhole Tournament Rules

The team winning the coin toss will choose their bag color and who throws first or the lane assignment and who their opponent will be. Like with seeded tournaments, the remaining option will be chosen by the team that lost the coin toss.

Specific in Game Tournament Rules

If a player touches a bag before the frame is complete, the frame is over and the offending player will not be able to throw anymore bags. The non-offending team will have an automatic 12 points to be considered during that frame and scoring should take place as normal.

Players/teams will be allowed two 1-minute timeouts per game and these can only be called when it is that player's turn. During a timeout, players can walk to the other board to determine bag position and strategy. Bags should not be touched during this time.

Boards can be straightened between frames as long as there is agreement with the other team or player.
